REGULAR AGENDA

PLANNING, BUILDING AND ZONING COMMITTEE:

39. Resolution approving the revision to the "Lake County Regional Framework Plan Future Land Use Map Amendment Policy".
- In October 2007, the PB&Z Committee directed staff to review the Future Land Use Map to ensure continued consistency with the policy objectives of the County in accordance with the "Future Land Use Map Amendment Policy."
 - Staff is identifying map amendments that are required to keep the map consistent with recent decisions, such as zoning approvals, sewer agreements, and Forest Preserve and other open space acquisitions.
 - Staff will review the possible map amendments with the affected County Board Member prior to submitting them to the PB&Z Committee, which may initiate the Map Amendment Process.
 - The "Future Land Use Map Amendment policy" established a procedural notification requirement for all map amendments. It does not readily apply to certain administrative "house-keeping" type amendments where the County Board has acted previously on the site.
 - Staff recommends that the policy be revised to waive the neighborhood notification requirement for certain administrative "housekeeping" map amendments.

Member Newton moved, seconded by Member Whitmore, to approve the Resolution. The Chair called for a Voice Vote on the motion. The motion carried.

FINANCIAL AND ADMINISTRATIVE COMMITTEE:

40. Resolution authorizing emergency appropriations for FY 2008 in various funds for certain projects, items and activities which were budgeted in the prior year and not completed.
- This resolution authorizes the 'carry-over', or re-authorization, of certain FY 2007 activities.
 - These activities were not included in the FY 2008 budget while the carry-over list and associated budget amounts were determined; to include them would have hindered the proper scrutiny of the new FY 2008 budget.
 - Without this action, these projects and/or items will not have the budget authority required.
 - A detailed listing is attached to the resolution.

Member Paxton moved, seconded by Bassi, to approve the Resolution. The Chair called for a Roll Call Vote on the motion. The motion carried with the following vote: Aye 20, Nay 0.

41. Ordinance adding Section 12.1 Grievance Procedure of the Lake County Employee Policies and Procedures Ordinance.
- Step IV, Grievance Committee, will be replaced with an Administrative review process.
 - The administrative review process will be the final decision in the resolution of non-union grievances.

Member Paxton moved, seconded by Member Mountsier, moved to approve the Ordinance. After significant discussion over the necessity and fairness of the Ordinance and clarifications offered by Rodney Marion, Director of Human Resources, the Chair called for a Voice Vote on the motion. The motion carried. Members Kyle, Nixon and Sabonjian, opposing the motion, voted "Nay."

42. Ordinance adding Section 11.5 At-Will Employment and Severance Pay to the Lake County Employee Policies and Procedures Ordinance.
- Ordinance adopting a new policy, Section 11.5 AT- WILL EMPLOYEES and SEVERANCE PAY, which changes the employment relationship of certain employees from “just cause” to “at-will” and grants these employees severance pay benefits including the continuation of health insurance benefits.
 - Department Heads (excluding the Director of Transportation and the County Assessor) and employees classified in pay grade 18 and above who report directly to the County Administrator are eligible to choose the at-will/severance pay benefits option.
 - Eligible employees hired prior to April 8, 2008 shall be given the option to be covered by this policy or remain “just cause” employees.
 - Employees hired into eligible positions after April 8, 2008 shall be at-will employees and subject to the provisions under this policy.
 - Eligible employees who are asked to resign in lieu of termination may receive one month of severance pay and health insurance coverage for every year of continuous service in an eligible position up to a maximum of six months.

Member Paxton moved, seconded by Member Talbett, to place the item on the floor for discussion. Member Paxton then moved, seconded by Member Maine, to amend Section 11.5 “At-Will Employment and Severance Pay” by inserting at the end of the second Policy paragraph “Eligible employees shall be given six (6) months from the effective date of this policy to choose one of the options.” The Chair called for a Voice Vote on the motion to amend the Ordinance. The motion carried.

Significant discussion followed. Members raised concerns about the overall fairness and impact of this Ordinance on employer/employee relations in the County Administrator’s office, costs and future hiring and firing decisions. Members in favor of the Ordinance cited the necessity for a clear process that gives the County Administrator the tools to be an effective manager, that the policy was formulated in consultation with the employees affected, precedent for this policy exists at the Health Department, and it can be re-addressed and changed by the Board in the future. Members opposing the Ordinance questioned the fairness of at-will employment, the lack of recourse by the affected employee to the grievance process, possible extravagance of the severance policy, lack of the County Board role in the decision, as well as the possibility that the proposed policy contradicts the existing rules of the County Board.

Member Carter moved, seconded by Member Newton, to amend the Ordinance to read “under this administration only.” Member Carter moved to withdraw the motion.

After significant discussion, the Chair called for a Roll Call Vote on the Ordinance as amended. The motion carried with the following vote: Aye 16, Nay 6.
